

NOTE: Anything listed below with an asterisk (*) I will have included in a kit for \$1.50

Hot Cocoa Anyone

project by Carole Sheftic

www.CaroleShefticArtist.com

carolesheftic@gmail.com

Material list. (Prep is at the bottom of this page)

16 oz Regular Mouth Mason Jar (smooth on 3 sides)
with 2 part lid

Denature Alcohol

Multisurface Acrylic paint for base coating the glass jar

I used Ceramcoat Multi Surface Ultra Blue

***2 oz Condiment cup** (like you get at restaurants for salad dressings etc)

White transfer SARAL paper

or General white charcoal pencil (my preference)

***4" square clear plastic** (like the plastic containers you get desserts in at Publix)

Scissors

Tape

***1/2 inch Red ribbon** ..9 inches to trim the jar

***Glue to attach the ribbon**

Stylus or 9 penny nail

Brushes:

I used a #2 flat, a fine liner, toothbrush, and small fan brush.

Paint:

Ultra Blue Multi surface acrylic paint (I used Ceramcoat..but Martha Stewart and Americana also make them) for base coating the glass jar.

Regular acrylic paint:

Gesso(white)

White

***Cad Red Medium (Liquitex)**

True Red

Orange

Black

Paynes Grey

Bright Yellow or Cad Yellow

Hauser Gr Deep or any Dark Green

Hauser Green Medium

Black Plum (or Dk Burgandy)

Yellow Ochre

*** Hot Cocoa Mix:(makes 3 servings)**

1/2 cup (rounded) powdered milk

1/2 cup (rounded) powdered sugar

1/3 cup Unsweetened cocoa

1/3 cup mini marshmallows

PREP:

rub glass jar with Denature Alcohol. Let dry.

When painting the surface you do not have to paint the top rim where the lid will screw on

You will need at least 2 coats ...**MAKE SURE** the paint is completely dry before adding next coat

To cure the paint: Wait 21 days..or :Place jar in a cold oven. Turn the oven onto 325 . When the oven is preheated you can turn the oven off and let the jar in the oven until completely cold or over night.
